Vijay Super Speciality Hospital (VSSH), often called "Haddi Hospital," is a leading healthcare facility in Azamgarh district. It is renowned for its world-class treatment, diverse services, and compassionate care. The hospital was founded by Dr. Ram Bachan Tripathi and his son, Dr. Manish Tripathi, both respected orthopedic surgeons. Additionally, Dr. Rajni Tiwari leads the Matritva Center for Women Healthcare, focusing on IVF treatments.

The hospital's commitment to excellence is evident through its 24/7 emergency services and rapid response to accidents. The dedicated team of doctors and nursing staff ensures over 100 successful treatments and services daily, handling everything from routine check-ups to severe medical cases.

VSSH's patient-centered approach and focus on timely care sets it apart in the region. The hospital continues to uphold the highest standards of healthcare, striving to make a positive impact on the community it serves.

**ORTHOPEDIC CARE:** As a leading specialty, the hospital provides treatment for various bone-related conditions and injuries, including fractures, joint issues, and musculoskeletal problems.

**EMERGENCY SERVICES:** The hospital offers 24/7 emergency care, with a rapid response team ready to handle critical and accidental cases.

**IVF AND WOMEN'S HEALTHCARE:** Through the Matritva Center for Women Healthcare, Vijay Super Speciality Hospital specializes in In Vitro Fertilization (IVF) and other women's health services.

**SUPER SPECIALITY HEALTHCARE:** The hospital caters to a wide range of medical needs, from routine check-ups to the treatment of severe conditions.
